

Life On The Green

By Anna Steele | September 30, 2020

The girls varsity golf team has had a great season placing well in every match. With the season coming to an end, the girls are preparing for the conference meet at West Ottawa golf course on October 3rd.

Golf matches can consist of 9 hole matches and 18 hole matches. An average 9 hole golf game can take anywhere between two to three hours. In that time, the athletes have to be focused and mentally prepared for the long game. Senior Kristen Maycroft says, "To get through a hard match I think about how I'm going to play my shot and how I'm going to overcome obstacles."

The varsity team has been working tirelessly to put on a good match this Saturday. With practices at the range, 9 hole practices, and putting practices the team is feeling confident and ready. According to Kristen, "This match is important because it shows the hard work that we have put in throughout the season."

Kristen is a senior at Allendale and has played golfed since freshman year. When asked why she chose golf as a sport she stated, "It's a fun sport that you can play for the rest of your life." Her favorite part about the game is "how light hearted it and how it's not as stressful as some other sports." Kristen is excited for the big conference match and wishes the best for all the teams. Goodluck to the varsity golf team and go Falcons!
