

Uniting the Nation

By Jenna Vredeveld, Emerson Kuizema, Summer Krull | September 29, 2020

Allendale High school's Falcon Nation is a dedicated group of students who rally around and support their fellow student athletes. The Falcon Nation's goal is to organize and promote game night themes, and communicate athletic event updates to the students. Falcon Nation is a group "owned" by seniors, and each year it is passed down to a new group of upcoming seniors who are passionate about promoting student participation. The leaders of the 2020-2021 Falcon Nation are Jenna Vredeveld, Summer Krull, Emerson Kuizema, and Kellen Kennedy.

Falcon Nation communicates with the students via social media through twitter (@falconAHSnation) which provides updated game scores, shoutouts to winning teams, and posts game day

schedules. Senior Kellen Kennedy, one of the members of the Falcon Nation social media team, states, "I am very passionate about connecting with my fellow falcons and social media is a great outlet for that!"

There is also a Falcon Nation merch web store created by and for Allendale high school students. Profits from merch sales goes toward the Falcon News Network media production.
